THE FOREMOST ORGANIZATION FOR Emerging Health Care Industry Leaders

Leadership Health Care (LHC) was formed in 2002 as an initiative of the Nashville Health Care Council to foster the next generation of health care leaders through educational and networking opportunities for members.

“Leadership Health Care gives emerging health care professionals the opportunity to build meaningful connections with both peers and established executives from a wide range of industry sectors. I would encourage any rising health care professional to invest in career development through an LHC membership.”

Benson Sloan, Cigna-HealthSpring

“From policy to innovation, LHC programs offer exposure to a number of topics that challenge how we think about health care. The high-quality content educates members on relevant topics that impact the way health care professionals perform their jobs every day.”

Jessica Wells, Saint Thomas Health

LHC is an initiative of

NASHVILLE HEALTH CARE COUNCIL

The Nashville Health Care Council is an association of health care industry leaders working together to further establish Nashville’s position as the nation’s health care industry capital.

The Council promotes the continued growth of Nashville’s $70 billion health care industry by fostering a supportive and collaborative environment for established, startup and relocating health care businesses. With a rich tradition of entrepreneurship and executive talent, Nashville has helped shape the nation’s health care landscape over the past five decades and continues to improve the delivery of patient care across the globe.

www.healthcarecouncil.com
Leadership Health Care (LHC) nurtures the talent and potential of Nashville’s health care industry professionals through educational programs and networking opportunities. With 900 members from more than 350 companies, LHC is the foremost organization for emerging leaders in the health care field.

LHC is open to motivated rising health care leaders interested in dynamic educational and networking opportunities.
